Welcomes Dr. Nicholas J. Zajdel!

It is with great pleasure that the partners of Affiliated Dermatologists, S.C. introduce Dr. Nicholas Zajdel as the newest dermatologist to join our practice's health care team. He is a perfect fit in personality and philosophy to help continue providing the highest quality skin care and furthering our strong tradition of professional partnership with you for the benefit of your patients.

Dr. Zajdel is a West Allis native and is very excited to be returning back to Milwaukee to practice dermatology. After attending the University of Wisconsin-Madison for his undergraduate training he earned his Medical Degree at the Medical College of Wisconsin on a full merit-based scholarship and was an Alpha Omega Alpha inductee. He returned back to Madison at the University of Wisconsin Hospitals and Clinics for his dermatology residency where his academic excellence continued and was given the honor of being chief resident in his final year. He has published articles on the topic of cutaneous malignancies in immunosuppressed and organ transplant patients and completed a dermatology mission trip to Cambodia.

Dr. Zajdel cares deeply about developing a trusting relationship with his patients through the establishment of honest and safe communication. Although he is passionate about all the varied aspects of general dermatology, he has a strong interest in promoting and caring for the unique skin health needs of underrepresented populations, including communities of color and the LGBT community.

He will be seeing patients in our Brookfield, New Berlin, and Waukesha clinics Monday through Thursday. As with all of our providers, Dr. Zajdel is here to help care for your patients and partner with you to provide them with the best skin care possible. Feel free to contact him at any time with skin care questions or for emergent patient referrals.

As always, we are honored to have your confidence in allowing us to treat your patients and provide the best skin care in Milwaukee.
